SUBJECT INDEX

A

ARGUS automated hospital pharmacy system, 59
Arrhythmias Tutorial I: Pathophysiology and Supraventricular Arrhythmias, 152, 299
"As Perceived by the Patient": The Literature of Patient Response Module I, 148
Attitudes, of student nurses toward computer use in hospitals, 78

B

Bedside documentation system
  prototype of, 291
  quality of nursing documentation and, 176
Bedside/point-of-care technology, 17, 90, 145, 203, 249, 296
  vendors of, 42
BITNET, 242
Breast cancer, effectiveness of computer assisted instruction in teaching women about, 101
BRS Colleague MEDLINE Thesaurus, 58

C

Clinical simulations, written methods of evaluation related to performance on, 29
Comfort Keyboard System, 269
Community health nursing, computer assisted instruction in, 101
Computer assisted instruction
  in community health nursing, 101
  comparative assessment of interactive videodisc instruction, 236
  labor and delivery videodisc simulation, 191
  optimizing use of, 197
  teaching clinical calculation using, 72
  tutorial for applications of computer spreadsheets in nursing financial management, 169
Computer-Based Patient Record (CPR), 167
Computer-Based Patient Record Institute (CPRI), 12
Computer-based training, 163
Computer literacy
  assessment of computer learning needs and priorities of registered nurses in hospitals and, 122
  work excitement among computer users and, 127
Critical Care Nursing Simulations, Renal Systems Series, 2nd Ed., 252

D

Data analysis, HyperCard to SPSS and, 25
Databases, on-line access to nursing literature and, 230
Delivery videodisc simulation, 191
Documentation
  bedside terminals and quality of, 176
  prototype of bedside system for, 291

E

Education
  about Internet, 219
  assessment of computer learning needs and priorities of registered nurses in hospitals and, 122
  attitudes of student nurses toward computer use in hospitals, 78
  BITNET and, 242
  comparative assessment of interactive videodisc instruction, 236
  computer-based training and, 163
  nursing informatics as needed emphasis in graduate nursing administration, 263
  on-line access to nursing literature and, 230
  optimizing computer-based system use in, 197
  optimizing use of computer assisted instruction, 197
  teaching clinical calculation using computer assisted instruction and small-group review, 72
Electronic mail
  BITNET and, 242
  Internet and, 219
Electronic spreadsheets, computer assisted instruction tutorial for applications of computer spreadsheets in financial management, 169
Employee Health Information System (EHIS), 57
EMstation, 301
Evaluation
  of instructional software, guidelines for, 273
  of labor and delivery videodisc simulation, 191
Expert systems
  concurrent validity of, 134
  EXTEND, 35
  FLORENCE, 20
  hybrid approach to nurse scheduling using, 183
  loading from text, 277
  for scheduling, 115
EXTEND, 35

F

Financial management, computer assisted instruction tutorial for applications of computer spreadsheets in, 169
FLORENCE, 20
Fundamentally Fun Graphics, Version 1.0, 206

G

Games, written methods of evaluation related to performance on clinical simulations and, 29

H

Healthcare Information and Management Systems Society (HIMSS), 166, 226
Health Level 7 interface, 58
Hospital
  assessment of computer learning needs and priorities of registered nurses in, 122
  guidelines for evaluation of instructional software by, 273
Hospital information systems, future of, 61
HyperCard, to SPSS, 25
Hypermedia, HyperCard to SPSS, 25

I

Image processing, 222
Information systems
  Employee Health Information System, 57
  hospital information systems, 61
  nursing information systems
    future of, 3
    nurse engineers and, 67
  patient care information systems, bedside terminals and quality of nursing documentation and, 176
Internet, 219
Intravenous Calculation, 253

L

Labor and delivery videodisc simulation, 191

M

Management information systems
  hospital information systems, 61
  nursing information systems, 67

N

National Library of Medicine (NLM), 269
Ninth Annual International Symposium on the Computerization of Medical Records and North American Conference on Patient Cards, 226
Nurse-computer interaction framework, description and applications of, 282
Nurse engineer, 67
Nursing administration, nursing informatics as needed emphasis in graduate nursing administration, 263
Nursing diagnosis
  concurrent validity of rule-based system, 134
  EXTEND for teaching, 35
  FLORENCE and, 20
Nursing informatics
  as needed emphasis in graduate nursing administration, 263
  nurse-computer interaction framework and, 282
  supercomputers and, 140
Nursing information systems
  future of, 3
  nurse engineers and, 67
Nursing practice, on-line access to nursing literature and, 230

P

Patient-care computer system, 53
Patient care information systems, bedside terminals and quality of nursing documentation and, 176
Personnel staffing and scheduling
  expert system for, 115
  hybrid expert-system approach to nurse scheduling, 183
Priority nursing care, hospital information systems and, 61

Q

QuIC, 13
QuikPoint FX 150, 15

R

Research
  assessment of computer learning needs and priorities of registered nurses in hospitals and, 122
  attitudes of student nurses toward computer use in hospitals, 78
  comparative assessment of interactive videodisc instruction, 236
  concurrent validity of rule-based system, 134
  hospital information systems and, 61
  work excitement among computer users and, 127
  written methods of evaluation related to performance on clinical simulations and, 29
Robo-Pill, 6
Rule-based system, concurrent validity of, 134

S

Simulations
  labor and delivery videodisc simulation, 191
  written methods of evaluation related to performance on clinical simulations and, 29
Small-group review, teaching clinical calculation using, 72
Society for Clinical Data Management Systems (SCDMS), 165
Software Reviews
  Arrhythmias Tutorial I: Pathophysiology and Supraventricular Arrhythmias, 152, 299
  "As Perceived by the Patient": The Literature of Patient Response Module I, 148
  Critical Care Nursing Simulations, Renal Systems Series, 2nd Ed., 252
  EMstation, 300
  Fundamentally Fun Graphics, Version 1.0, 206
  Intravenous Calculation, 253
  SOS-Strategies for Problem Solving, 150
SOS-Strategies for Problem Solving, 150
Spreadsheets, electronic, computer assisted instruction tutorial for applications of computer spreadsheets in financial management, 169
SPSS, HyperCard to, 25
Statistical data, HyperCard to SPSS and, 25
Strategic planning, hospital information systems and, 61
Student nurses

attitudes toward computer use in hospitals, 78
nursing informatics as needed emphasis in graduate nursing administration, 263
Supercomputers, 140
Supertech Software System, 14

T

Telecommunications
on-line access to nursing literature and, 230
using BITNET, 242
using Internet, 219
TouchProbe, 13

U

University of Alabama at Birmingham, 113
University of Illinois at Chicago, 14

V

Videodiscs
comparative assessment of interactive videodisc instruction, 236
labor and delivery videodisc simulation, 191
ViruSchool, 16

W

Windows 3.1, 14
Work excitement, among computer users in nursing, 127
Work schedules, expert-system scheduling program for, 115
